

Free Classified Ads!!

I have just added Free Classified Ads to Limestonecity.biz! Now you can list your item or service for sale, for free in the classified. After 7 days, you will get a notice, asking if you want to renew your ad (also free). This way if it is sold, do nothing and your ad is gone. If you want to renew it, your ad will run for another 7 days. You can put up to 2 pictures in your ad, as well as a description, price and contact info. Please note that you must register to post ads, as well as viewing contact seller info. (Membership is free, and I never spam.) So start listing, selling and doing business right here! I have a number of other new features coming to the site, so check back often. In fact, why not make this your homepage, so you'll know the price of gas, as well as what's for sale in Kingston...
